Re: Complaint follow-up

Dear Mr. Milloy:

The complaint you submitted to the Board regarding Dr. Eugene Chung has been reviewed. All complaints are taken very seriously and examined in detail. As part of the review process Dr. Chung was made aware of your concerns.

A careful review of all available information revealed that there was no violation of the Medical Practice Act that would lead to a restriction of Dr. Chung's license to practice medicine in North Carolina. While we know you may not agree with the decision, you can be sure it was reached after a fair and thorough evaluation.

N.C. Gen. Statute Section 90-16(e1) states the Board **may** provide the patient or their legal representative a copy of the licensee's written response to a complaint. The Board considered your request to obtain a copy of the licensee's response and the request was denied.

We do appreciate and respect the concerns that led you to complain to the Board, and we want you to know your complaint will become part of the Board's permanent complaint file.

I would like to thank you for sharing your concerns with the Board. If you have any questions you may contact Mrs. Judie Clark at 919-326-1109, ext. 220.

Sincerely,

Ralph C. Loomis, MD
President,
North Carolina Medical Board
